# USCIS National Children's Art Project

## *We Are America*

### Introduction

U.S. Citizenship and Immigration Services (USCIS) has commissioned an art project for children across the United States to create images depicting their interpretation of the theme, “We Are America.” This project asks children to draw pictures that answer the question “People have come from all over the world to become Americans. Why does that make us great?” USCIS will collaborate on this project with public libraries and other community-based organizations serving America’s immigrant communities this summer. USCIS will display submissions in offices across the country and will recognize participants during the 2010 celebration of the “September 11 National Day of Service and Remembrance.”

### Project Guidelines

To obtain a submission form, children may either stop by the nearest USCIS office or print one from the USCIS website at [www.uscis.gov/childrenartproject](http://www.uscis.gov/childrenartproject).

To participate in the project, children must be between 5-12 years of age as of Sept. 11, 2010.

All art submissions must be:

- On 8.5 x 11 or 11 x 17 inch paper in any medium including: paint, crayons, markers, colored pencils or collage
- Accompanied by a short paragraph (2-3 sentences) that explains how the picture relates to the project theme, “We Are America” and answers the question “People have come from all over the world to become Americans. Why does that make us great?”
- Submitted to USCIS from June 12, 2010 to Aug. 16, 2010

If you are unable to obtain the official submission form, you may send your art to any USCIS field office in the United States, via mail, accompanied with the following information:
