Temporary Protected Status Registration Period Extended for Haitian Nationals Update

WASHINGTON— U.S. Citizenship and Immigration Services (USCIS) today announced an extension to the registration period for Temporary Protected Status (TPS) for eligible nationals of Haiti. Initially, the 180-day registration period for nationals of Haiti was from Jan. 21 through July 20, 2010. This registration period is now being extended through Jan. 18, 2011.

The Department of Homeland Security (DHS) previously published a Federal Register Notice on Jan. 21, 2010, announcing the TPS designation of Haiti for 18 months, from Jan. 21, 2010 through July 22, 2011. The designation applies only to Haitians who have continuously resided in the United States since Jan. 12, 2010; TPS will not be granted to Haitian nationals who first entered the United States after Jan. 12, 2010.

Haitian nationals eligible for TPS are strongly encouraged to register as soon as possible within the registration period that now ends on Jan. 18, 2011.

TPS applicants must submit both the Form I-821, Application for Temporary Protected Status, and Form I-765, Application for Employment Authorization, to register. Applicants must pay the Form I-821 fee. Applicants age 14 and older must also submit the biometric service fee. Applicants who are age 14 through 65 who request an Employment Authorization Document (EAD) must pay the Form I-765 fee. Applicants under age 14 or over age 65 who request an EAD do not need to pay the Form I-765 fee. If an individual is only seeking to register for TPS, the applicant must still file Form I-765 for data-gathering purposes, but the Form I-765 fee is not required. Applicants who can demonstrate an inability to pay may request a fee waiver for any of these fees. Failure to submit the required applications with any required fees and the biometric fee, or a properly documented fee waiver request, will result in the rejection of the application.
